The Santee School District Foundation is a non-profit 501(c)(3) foundation established in 2000 to provide funds for resources and programs that supplement the current educational program for Santee students. Programs funded by the Foundation include the Arts Attack Curriculum, technology resources, literacy, science and engineering resources, visual & performing arts, and site and teacher grants. The current emphasis is STEAM opportunities.

These excellent programs are financed in part from donations to the Santee School District Foundation as well as two major annual fund raisers, the Santee Aloha 5K Fun Run and the Golf Classic. It is most likely that all students in the District have benefitted from Foundation-funded programs or resources.

The need to provide enriching educational programs for the children of Santee School District remains as strong as ever, as does the need for new and continued individual contributions. **You can help by becoming a Foundation supporter.** Your small donation of even \$5 or \$10 per month can make a large impact in helping the Foundation to create and sustain enriching learning opportunities for the children of Santee. Quality education is not an expense, it is an investment. What better investment for the *future, than in those who are the future: children.*

Your donation is tax deductible as allowed by law.
